Choice of optional internal hard drive

Standalone – no PC required

Optional USB 2.0 connection

Copy Protection Software  
Option

Disc Counter Feature

Easy to use

The Lightning series of professional duplicators, offer fast, efficient duplication of CDs and DVDs at a cost effective price. Available with 1, 3, 7 and 10 target drives, Lightning copiers are ideal for small and large runs alike, perfect for both office based disc production right through to full scale, professional publishing environments.

Lightning duplicators are extremely user friendly and with virtually no training at all, anyone can be copying discs in no time. The intuitive LCD display allows access to all features with the use of four simple buttons.

Fitted with the latest DVD±R drives, up to 10 CD discs can be copied simultaneously in less than three minutes and 10 DVDs in less than eight minutes.

A choice of optional internal hard disk drive is available providing ample storage for CD or DVD master images. A USB 2.0 connection provides you with the option to link to your PC and make one of the CD/DVD-RW drives inside your duplicator tower as an external optical drive. Copy Protection software is also available allowing users to protect their content for un-authorised duplication.

Rigorously tested for performance and reliability, Lightning duplicators are manufactured to strict quality control standards with an aluminium case and built in power supplies, delivering enhanced duplication at every level and at all times.
