CD/DVD Duplicator

Fast & immediate duplication of CDs & DVDs

Copy up to 50 discs simultaneously

Ideal for live events

USB 2.0 connectivity

500Gb Internal hard drive

Easy to use

Copy Protection Option

Traditionally the ability to produce large quantities of CDs and DVDs of live recordings immediately after the event has always been a logistical nightmare. Whether it is the recording of a conference, an orchestra, a rock band or a sermon, location recording specialists continue to strive to find the fastest and most cost effective way to distribute or sell the live recordings to event attendees. Now, with the introduction of the new **Live Event** tower duplicator from Verity Systems, it is possible to copy up to 50 CDs in 4 minutes or 50 DVDs in just 6 minutes at the touch of a button.

The **Live Event** duplicator includes as standard a 500Gb hard drive and a USB 2.0 connection. This enables users to transfer recordings directly from their PC to the duplicator, then, with a simple press of a button, up to 50 perfect copies can be made ready for distribution. Prior to the event, discs can be pre-printed using a Verity Systems disc printer, so that when duplication in the **Live Event** duplicator is completed, professionally finished discs are ready for immediate distribution. The **Live Event** duplicator affords its users the highest throughput at the lowest cost per disc.

Designed to with-stand 24/7 operation and heavy production runs, the Live Event's enhanced vented air circulation system means that towers never require cooling off periods which makes it therefore ideal for live events, where discs can be rapidly duplicated on mass, ready to be handed out immediately after a concert, service or sermon has taken place.

Function:	DVD/CD Duplicator
Media Handling:	DVD±R/RW, DVD+R DL, DVD-ROM, DVD-Video, CD-R/RW, Audio CD, CD-ROM, CD-DA, CD-ROM XA, Multi-Session Photo CD, CD-I, D Extra, VCD, CD+G
Targets:	Up to 50 targets (10 per tower)
Drives:	DVD±R/DL
Maximum Writing Speeds:	20x DVD±R/40xCD-R
Interface/Connectivity:	USB 2.0
Internal Hard Drive	500GB Standard
Dimensions (WxHxD): <i>(For each 10 target tower)</i>	7.5" x 25" x 16.25" 190mm x 635mm x 417mm
Weight: <i>(For each 10 target tower)</i>	Approx. 55lbs (25kg)
Voltage:	Input: 100~ 240V AC Output: +5V DC, 3.8A
Operating Temperature:	30°F ~ 100°F
Operating Humidity:	10% ~ 80%
Regulations:	FCC, CE, RoHS
